PSC to Hold Public Hearings on WPSC Rate Adjustment Request

MADISON – The Public Service Commission of Wisconsin (PSC) will hold public hearings on Tuesday, June 17 in Green Bay on Wisconsin Public Service Corporation's (WPSC) request to adjust its electric rates by 2.27 percent due to the increasing cost of natural gas.

In January 2008, the Commission set 2008 electric rates for WPSC customers. In March, WPSC received a 3.16 percent increase, subject to refund, to cover high fuel costs as a result of increasing natural gas prices. The utility is now asking for an additional electric rate increase to cover the increase in natural gas prices since March.

Public comments on WPSC's application will be included in the record the Commission will review to make a decision. The Commission has the authority to approve, deny or modify the application. Citizens are encouraged to attend the hearing, which is scheduled for:

Tuesday, June 17, 2008
3:00 p.m. & 6:30 p.m.
Northeast Wisconsin Technical College
Center for Business & Industry
Room CB 213-B
2740 West Mason St.
Green Bay, Wisconsin
