Re: 1997 Analytical Review DWCCA-2580-PJL

Dear Ms. Paradis:

The Public Service Commission (Commission) is in the process of completing an analytical review of your utility's annual report. You did a good job completing your annual report. We appreciate receiving reports of this quality. We have no questions, only the following comments and changes.

1. During our review of the Property Tax Equivalent Schedule on page W-7, we noted that our calculation differed from yours by \$99 due to rounding. We entered your figure of \$3,361 on line 31 in order to make the report balance. Please note that next year when you use the electronic program to complete your annual report, you should use the number that the program calculates in order to make your report balance.
2. The Commission is now using a computerized system to build an annual report database. It is, therefore, important to have a complete and correct annual report. The following changes have been made in our copy of your annual report. Please contact us if you disagree with any of these changes.

### PROPERTY TAX EQUIVALENT (WATER)

1. No property tax equivalent shall be determined for sewer utilities or town sanitary district water utilities.
