Ms. Sue Stoik, Manager  
Bloomer Water Utility  
1503 Main Street  
Bloomer, WI 54724-1640

Re: 1997 Analytical Review File DWCCA-0585-RL

Dear Ms. Stoik:

The Public Service Commission (PSC) is in the process of completing an analytical review of your utility's 1997 annual report. The purposes of an analytical review are to detect possible reporting or accounting related errors and to identify significant fluctuations from established trends in reported data not sufficiently explained in the annual report. It is our hope that our review will supply information that will enable us to better provide guidance to your utility regarding proper utility accounting and the preparation of future annual reports. In order to complete this review, we request the following information:

1. During our review of the Services schedule, page W-15, we noted you reported 1572 total services first of year. However, on page W-14 of your 1996 annual report you reported a total of 1552 services for end of year. Please explain this difference.

We appreciate your cooperation in providing the above information. These recommendations are intended to provide accounting assistance and should not be construed as criticisms of utility personnel. If you have any questions, please feel free to contact me at (608) 266-1491. Please respond within 30 days of this letter. If we have no questions regarding your response, you can consider the review closed.

Sincerely,

Roselee Losenegger  
Financial Specialist  
Division of Water, Compliance, and Consumer Affairs
