2001 Analytical Review DWCCA-5430-PJL

Dear Ms. Bunnell:

The Public Service Commission (Commission) staff has completed its analytical review of your utility's 2001 annual report. The primary purpose of the analytical review is to detect possible reporting or accounting related errors and also to identify significant fluctuations from prior years' data that are not sufficiently explained in the annual report. The analytical review did identify the following issue(s):

As directed in the head notes of the Balance Sheet End-Of-Year Account Balances schedule on page F-18, please provide a more detailed description for the \$45,000 reported in Account 233 on page F-18 and follow this procedure in the future.

Responding to the questions posed from the analytical review does not preclude you from possibly receiving other inquiries from our office regarding your annual report in the future: for instance, during a rate case, construction authorization, or other Commission reviews.
