Ms. Amy Volkmann, Administrator/Deputy Clerk/Treasurer  
Burke Utility District No. 1

2001 Analytical Review DWCCA-835-PJL

Dear Ms. Volkmann:

The Public Service Commission (Commission) staff has completed its analytical review of your utility's 2001 annual report. The primary purpose of the analytical review is to detect possible reporting or accounting related errors and also to identify significant fluctuations from prior years' data that are not sufficiently explained in the annual report. The analytical review did identify the following issue(s):

1. Please provide a more detailed description for the \$61,918 reported in Account 233 on page F-18. Also, please note that Account 233 should only contain amounts that are subject to current settlement. Amounts that will not be repaid should be written off to Account 434, Miscellaneous Credits to Surplus, after approval by the municipal body. Amounts that will be repaid, but over a longer period of time, should be reclassified to Account 223, Advances from Municipality. Are the amounts reported in Account 233 current
2. During our review we noted that that the utility did not report any depreciation expense on meters charged to sewer, (Account 110), return on net investment in meters charged to sewer department, (Account 474), or local and school tax equivalent on meters charged to sewer department, (Account 408). If a sewer department uses the water meter to measure sewer volume for purposes of charging for sewer service, the water utility must charge the sewer department for its share of water meter costs. See section 4, pages 10 and 11 of the Water Utility Reference Manual (enclosed). Please confirm that the sewer department does not use the water meter to measure sewer volume, or, if the sewer department is using the water meter, please confirm that your utility will begin to allocate the water meter costs on your 2002 books.
3. As directed in the head notes of the Water Operation & Maintenance Expenses schedule on page W-5, please provide an explanation of any expense account which changed by \$2,000 and 30 percent when compared to the previous year and follow this procedure in the future.
4. Please explain why there are no dollars reported in Account 686, Employees Pensions and Benefits on page W-5.
5. During our review, we noted that the amount reported for "Utility Plant, Jan. 1" on the Property Tax Equivalent schedule, Page W-7, is incorrect. The correct amount should come from the prior year's Net Utility Plant schedule, page F-4, and should be the gross amount, not the net amount as was reported. Please follow this procedure in the future.
